Data format

Safe zone

File type

- ➔ Your file should be created in CMYK with the color profile ISO Coated V2
- ➔ Create up to 2 custom colors in Pantone U
- ➔ Create images with a resolution of 300 dpi
- ➔ Convert text into paths
- ➔ Let images or background colors run to the edge of the data format

- ➔ Place text or important elements within the safe distance
- ➔ Save file as PDF
- ➔ Note that the design must be adapted to the curvature of the cup. The grid stored in the template serves as a guide
- ➔ If the printed material is brown, there will be color deviations
